Hapro Vista XL

■ *explore new horizons*

Experience the ultimate sensation of freedom with a Hapro Vista roof tent. A unique design, high standard and innovative features are what really sets the Vista apart.

The advanced folding and unfolding mechanism guarantees lightning fast and easy folding in and out, getting you ready for your next adventure in just 90 seconds. With the unfolding section, you can effortlessly create a spacious sleeping area for four people. The large front opening, together with the large windows, create a phenomenal panoramic view. The durable cotton canvas made by De Waard tents, the generous interior space and the luxurious mattress ensure comfortable nights under the stars.

Are you ready for your new adventure?

Hapro Vista L

Hapro Vista L

■ *more compact,
just as much Vista*

This two-person roof tent combines premium comfort, smart innovations, and ultimate flexibility - without compromising on quality. The Vista L stays within the standard dimensions of most cars - ideal for adventurers seeking maximum freedom.

With the advanced folding system, the Vista L unfolds in just 60 seconds, so you're ready for your next adventure in no time. The panoramic roof window offers a view of the starry sky and includes a blackout option. You can fold the tent down in seconds without removing your sleeping bags or pillows - perfect for your next overnight stay.

Whether you're heading out for a weekend getaway or an extended road trip, the Vista L effortlessly adapts to your journey.

Ready to explore new destinations?

Experience premium quality

■ *with the Hapro Vista roof tents*

Thanks to a unique collaboration with De Waard Tents, the best-known Dutch tent manufacturer known for its rock-solid, storm-proof quality, the Hapro Vista is equipped with a top-quality tent canvas made from 235 gram cotton. This fabric is extremely durable, breathable and moisture-regulating. A big advantage of this fabric is that it stays cool in warm temperatures and warmer in cold temperatures. It also prevents the formation of condensation on the inside of the tent, ensuring a good night's rest.

Fine mesh ventilation openings on both sides, top and front of the tent ensure optimum air circulation and a pleasant climate inside the tent. YKK's renowned heavy-duty zips, specially designed for intensive use, and the UV-resistant PVC roof window with blackout blind also guarantee maximum convenience and comfort.

Made in Europe

The Hapro Vista is entirely manufactured in the Netherlands from parts that are sourced in the EU as much as possible. This keeps the carbon footprint low and gives the assurance that the tent is made out of safe materials and has been produced with fair labour.

Hapro Vista XL

Discover every detail

Panoramic roof window

At night, enjoy a magical view of the starry sky as you slowly drift off to sleep. Prefer a darker sleeping environment? Simply use the blackout curtain to close the roof window.

Windproof and silent

The innovative and patented tensioning system with telescopic poles in the aluminium frame ensures a storm-proof ensemble up to 8 Bft and guarantees quick, easy and, above all, tight tensioning of the cotton tent fabric. This ensures quiet nights with no rattling of tent parts, even in strong winds.

Openings and blackout

The entrance, panoramic skylight and side vents are fitted with fine-mesh mosquito nets. The tent can easily be completely darkened with blackout curtains.

Uni-Fit roof tent clamps

Patented Uni-Fit roof tent clamps with anti-theft system ensure quick, safe and easy mounting of the Hapro Vista to roof bars or a roof rack.

Easy storage

The clever design allows mattress, sleeping bags and pillows to remain in the tent when the roof tent is folded in.

Made in the EU

The Hapro Vista is made entirely in the Netherlands, from parts sourced within the EU as much as possible. This results in a lower carbon footprint and a tent made out of safe materials and with fair labour.

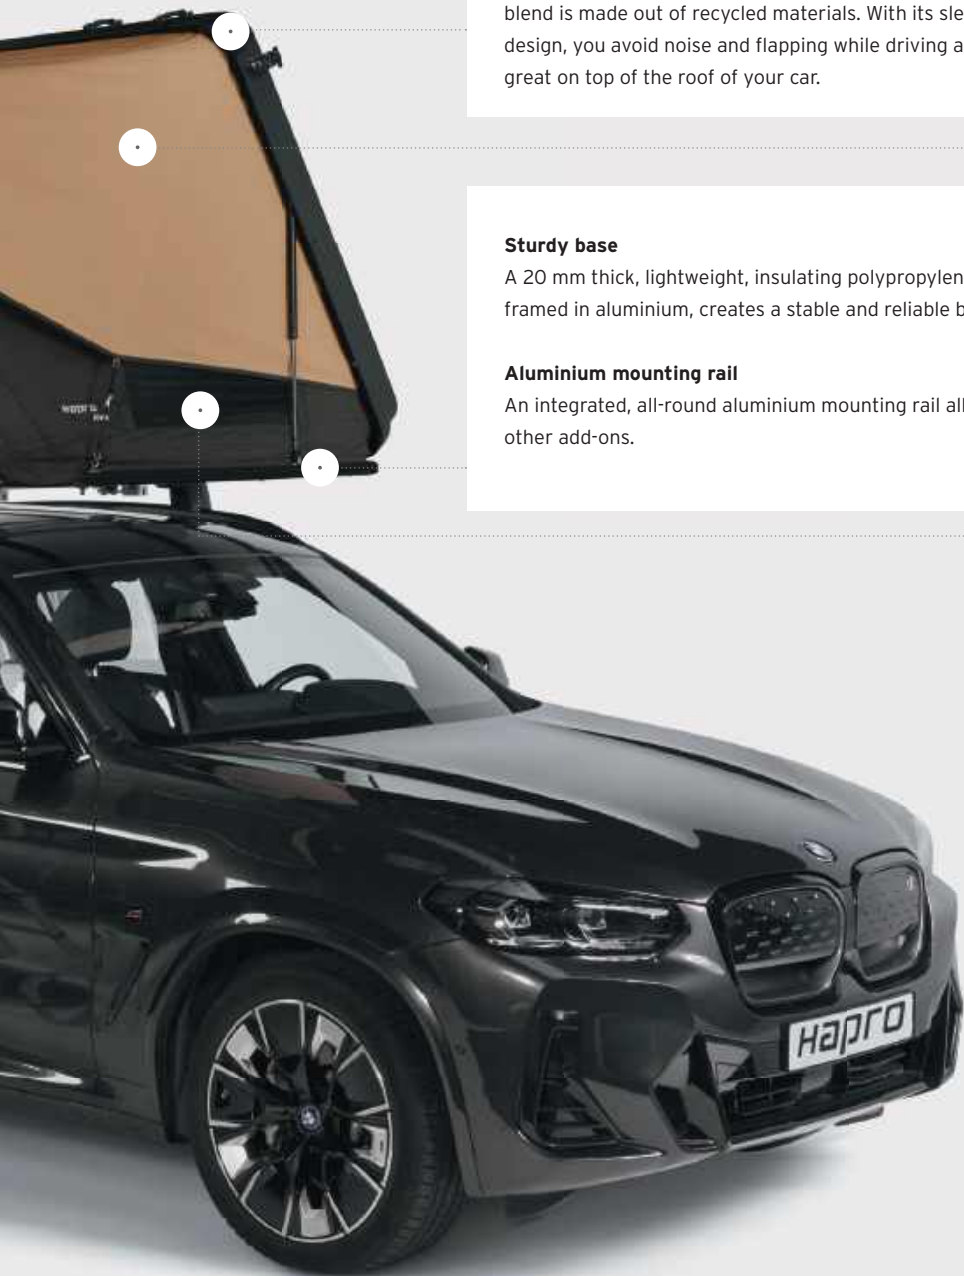

Luxurious mattress

The 65mm Oeko-tex 100 comfort foam mattress with an integrated anticondensation bottom emphasizes the luxury and comfort of the Hapro Vista. The Oeko-Tex standard 100 indicates that our mattress is free of harmful substances. The composition of the mattress gives a comfortable static pressure and has fantastic moisture control. The Luxe mattress guarantees comfortable nights in any season.

Telescopic ladder

The ladder is integrated into the folding mechanism of the Vista XL. On the Vista L, the ladder is carried inside the tent and is easily attachable. The Ladder can be extended up to 207 cm, making it suitable for a wide range of vehicles. A longer 260 cm ladder and a 60 cm extension for the 260 cm ladder are available as accessories for taller vehicles.

Hardshell cover

The tough and impact-resistant hardshell cover is made from ABS / ASA material. This unique blend makes the cover extremely strong and UV resistant, ensuring the durability of the roof tent. 90% of this blend is made out of recycled materials. With its sleek and aerodynamic design, you avoid noise and flapping while driving and it also looks great on top of the roof of your car.

Sturdy base

A 20 mm thick, lightweight, insulating polypropylene honeycomb floor with fibreglass skins, framed in aluminium, creates a stable and reliable base.

Aluminium mounting rail

An integrated, all-round aluminium mounting rail allows easy attachment of accessories and other add-ons.

Perfect ventilation

Side, top and front vents ensure optimum air circulation inside the tent.

Durable cotton tent canvas, made by De Waard tents

The high-quality canvas is made of 235-gram cotton, providing outstanding breathability and moisture regulation. An amazing advantage of this cotton is that it stays cool inside when camping in warm temperatures, while also avoiding condensation on the inside of the tent.

Integrated LED lighting

The Hapro Vista features integrated dimmable LED lighting with USB connection. The lighting strip is perfectly integrated into the central aluminium roof profile and extends along the entire length of the roof tent.

Ready to go in 60/90 seconds!

The Hapro Vista is ready for use in just 90 seconds maximum. An advanced folding and unfolding system guarantees quick and easy folding and unfolding of the roof tent. The Vista L is set up in just 60 seconds. For the XL you only need half a minute longer, in 90 seconds you are ready for a new adventure.

Heavy-duty zippers

The tent is equipped with carefully selected, robust heavy-duty YKK zips that are able to withstand extreme conditions and intensive use.

■ Unique and innovative

The unique, patented telescopic pole tensioning system, which is attached to the aluminium frame, not only gives the tent its iconic look, but also ensures ultimate wind resistance and stability in all seasons and weather conditions. The innovative design allows for the cotton fabric to be easily, quickly and, most importantly, tightly tensioned, preventing flapping, even in strong winds. The tent easily withstands winds of 8 Bft.

■ Freedom and comfort in abundance

The Vista's spacious front opening, combined with the large windows, creates a phenomenal panoramic view from inside the tent. Even at night you can enjoy a magical view of the starry sky thanks to the large roof window. Prefer to sleep in pitch black? For optimal sleeping comfort, the interior can be completely blacked out. The spacious interior, luxurious mattress with anti-condensation mat underneath and the integrated, dimmable LED interior lighting complete the picture and ensure every camper enjoys comfortable nights under the stars.

Hapro Vista XL

Practical accessories

■ *equipped with all conveniences*

Hapro Vista Awning

The Hapro Vista Awning forms a nice extension of the Hapro Vista, giving you plenty of room to sit comfortably in front of your Hapro Vista. The awning is suitable for the Vista L and the Vista XL, and can be used with all car heights. The Hapro Vista awning can be put in different positions and can be used in both sunshine and rain. The awning has a water canalisation point that allows water to be drained through one central point.

Vista Awning Side Panel

The Hapro Vista Awning Side Panel can be attached to the Hapro Vista Awning. It provides additional shelter from sun, rain and wind. With two hooks, the panel can be easily attached into the rings of the awning on the left or right side. Additional velcro in the middle ensures a sturdy construction.

Hapro Vista Carabiner Set

The Hapro Vista Carabiner Set allows you to add your own accessories to your Hapro Vista with ease. The keder easily slides into the mounting rail that wraps around the Hapro Vista. The set includes four carabiners.

Hapro Vista Boot Bag

The Hapro Vista Boot Bag, like the Hapro Vista, is a sample of quality, and matches perfectly with the look and color scheme of the roof tent. The Boot Bag is made of cotton and robust waterproof PVC. The bag fits two pairs of shoes and slippers. The Boot Bag slides very easily into the mounting rails of the Hapro Vista.
